

Activity in language According to NEP 2019 learning, speaking, reading and writing of the four language (GUJARATI, HINDI, SANSKRIT, ENGLISH) is important and compulsory for all student as well as teachers. To prepare skill based teacher for new MDGs 2020. Indian Institute of Teacher Education University Gandhinagar has initiated compulsory learning of acquiring LSRW in all four languages mentioned. In semester 1 enrolment there are approximate 20 students are enrolled with pure Language subjects and all has to learn and teach the subject Gujarati compulsory with basic theories and practical also. To identify and acquire knowledge about Gujarati writer and poet, each student has given instruction to collect the pictures of specific size and draft a note about that poet or writer. Other students are assigned to write about any five idioms, phrases and proverbs related to modern life. Proper guidance, use of dictionaries, use of encyclopaedia, materials and internet facilities are provided by teacher educators. Collections are made and categorised by ancient and modern poet and writers as prepared literature. Created information's are displayed in library for learning to other students.

Learning and teaching through Collaborative learning practice (Concept Mapping) Groups are allowed to come in front of the class. Cycle model or chain related pictures or cuttings are given to the students. On the board numbers or arrow are pasted that a group has to paste or put the picture to complete correct sequence or chain or a model according to their concept. It is compulsory to each group for complete the task in time. Topic Food chain, Maslow need of hierarchy, Mathematics theorem, TPCK model, Mind control techniques, process of observations and SWOT analysis are taught through these techniques by associate professor Kamalnayan Parmar. The work is assigned to student teachers for making the learning better and develop psychology towards teaching learning process.
